# ABOUT US

**International Relations is an interdisciplinary major that studies the interaction of actors and non-state actors in the sphere of global politics, economics, socio-cultural, security, and environment.** It comprises the topics of Theory and Methodology of International Relations, Foreign Policy and Diplomacy, Global Security, Global Governance, Global Political Economy, and Globalization Studies.

**The international undergraduate program in International Relations, Universitas Padjadjaran, will prepare students for careers in the government and non-governmental sectors including academics, journalism, private company, and international organizations.** The program will provide students with the opportunity to experience an educational program with English as the Medium of Instruction (EMI), conducted and supervised by highly qualified instructors with professional backgrounds.

**Students will further benefit from an international exposure by participating in a study abroad program for a period between one to four semesters at our partner institutions.** By having the opportunity to study abroad during their program, the students are benefited from experiencing the education program at partner universities, but they are also expected to enhance their cultural awareness and adaptability, also their language proficiency.

The International Undergraduate Program in International Relations, Universitas Padjadjaran, aims to develop skills in exploring and understanding phenomena in international relations through the theory and methodology of International Relations to design an alternative solution for global, regional, national, and local issues. **The program will produce graduates who have international qualifications that could contribute to the increasing competitiveness of the nation at the regional and global levels.** The program will also strengthen the collaboration in teaching and research between Universitas Padjadjaran and global partners across the world; therefore, it could also facilitate the two-way transfer of science, technology, and information.

# Program Structure & Curriculum

Considering the early development stage of the program, we propose a program structure of a Single Degree Program with the degree granted from Universitas Padjadjaran. The program is designed as follows

## Single Degree Program

- The Single Degree Program is designed for a study period of 4 years (8 semesters) within Unpad.
- Students are required to participate in a study abroad for a period of one to four semesters at an overseas university with an established cooperation with Universitas Padjadjaran (during semesters 4 – 7).
- The maximum duration of the study period is 12 semesters (6 years).
- Graduates of this program will receive Sarjana Hubungan Internasional (S.H.Int.) or Bachelor of International Relations from Universitas Padjadjaran.
- For study completion/ graduation requirements, students should fulfill the minimum English proficiency as follow: achieve a minimum IELTS score of 6.5 (no bands lower than 6) or other internationally recognized standardized tests with comparable results.

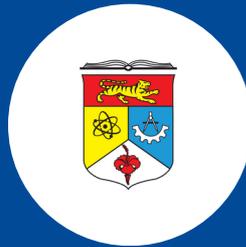

## Curriculum Overview

The curriculum for eight (8) semesters of the program is designed according to the curriculum for the regular undergraduate program of International Relations in the Faculty of Social and Political Sciences. The students have to fulfill 144 credits to graduate, and the courses are composed of both mandatory courses and elective courses. Following the courses and curriculum at the partner institutions, the credits acknowledgment will be transferred and converted accordingly.
