INTERNATIONAL CLASS BACHELOR PROGRAM IN Pharmacy

*Degree: Bachelor of Pharmacy (S.Farm.)

About Us

This program is a special track for Indonesian and international students to pursue undergraduate degrees on Pharmacy with uniquely designed learning methods to conform to international standards. Our program has been accredited A (excellent) by Indonesian Accreditation Agency for Higher Education in Health (LAM-PTKes) and accredited by international accreditation agency ASIIN Germany. Classes are delivered by reputable lecturers in teaching and research supported with prominent facilities.

Curriculum

The curriculum of bachelor's degree of Pharmacy follows the National Standard for Higher Education (SNPT) and the Association of Indonesian Pharmacy Colleges (APTFI), plus several local content courses.

• Semester I-II :

Basic skills and knowledge of Pharmaceutical science

• Semester III-VI :

Application of pharmacology and therapy as early exposure of pharmacotherapy and pharmaceutical science which allow students to design and evaluate pharmaceutical dosage forms in terms of laboratory scale.

• Semester VII-VIII :

Students could spend one semester at the overseas university partner by taking courses or undertake research activity. University partners: University Sains Malaysia, Chiba University, Chulalongkorn University, and Groningen University.
